

From Gift to Office – The Five-Fold Ministry Intensive

From Gift to Office – The Five-Fold Ministry Intensive is an intensive biblical study designed to equip emerging Kingdom leaders with a clear understanding of the five ministry offices identified in **Ephesians 4:11–13: Apostle, Prophet, Evangelist, Pastor, and Teacher**. Students will examine the biblical function, responsibility, authority, character, and purpose of each office while learning to distinguish between **spiritual gifts, anointing, calling, and governmental office**.

Special emphasis is placed on the developmental journey **from gift to office**—understanding that operating in a spiritual gift does not automatically constitute placement in a five-fold office. Students will explore the biblical processes of **calling, preparation, character development, testing, affirmation, accountability, commissioning, and maturity** that accompany ministerial leadership.

The course will also examine how the five-fold offices are designed to function **together rather than independently**, fulfilling Christ's purpose of equipping the saints, building the Body of Christ, and bringing believers toward spiritual maturity and unity.

Students will be challenged to discern not only **what gifts they possess**, but also **where and how God has called them to serve**, while recognizing the weight, responsibility, sacrifice, and accountability associated with ministerial office.

Ultimately, **From Gift to Office** prepares emerging leaders to move beyond simply possessing a gift toward becoming **biblically grounded, spiritually mature, accountable, and Christ-centered leaders who can responsibly steward the calling and office entrusted to them**.
